

JORGE REVILLA

SPAIN

ELEVATED STERLING SILVER DESIGNS

SENSITIVITY,
INTUITION & RISK
are fundamental factors
when creating for
Jorge and Gloria.

Jorge Revilla's relationship with design and creativity began in 1990 with his passion for travel and his interest in other cultures that led him to know many countries in depth.

In 1996, with his sister Gloria by his side, they created the designer brand Jorge Revilla Spain. Their brand would focus on the beauty of natural stones and sterling silver, creating inspired, affordable works of arts.

Contemporary design with
ESSENCE & HEART

Jorge Revilla Spain designs accessible luxury jewelry, fresh and dynamic collections in constant evolution.
